

Promise Christian Preschool

Parent Testimonials

“SO much to say about Promise. When my Daughter started Promise it felt like home. The teachers, director and board members put their heart and soul into knowing this is a place where my child grew not only academically but also grew in spirit and confidence in The Lord. She entered into Kindergarten academically ready as well as socially and is now thriving! Promise is more than a preschool. Promise is a village of other adults who love, care and believe in your child as much as you do.” -Kayla Maxey

“My son loved his two years at Promise Preschool! He entered kindergarten ready to succeed both academically and socially. The Biblical teaching incorporated into his learning and play was what we appreciated most about Promise!” -Jessica Wicks

"We love Promise Preschool! Two of our three children had the opportunity to start their education at Promise and I am thankful for such a great experience. They loved coming to Promise because they were always greeted by loving teachers and welcomed into a creative, engaging environment. I appreciated the daily balance of play, age-appropriate academics, and faith-based teaching. Both of my children were well prepared socially and academically for kindergarten and I know that was because of the vision and heart behind a preschool like Promise." -Natalie Erickson

“We love Promise! Promise is a one-of-a-kind school because it prioritizes both a student's educational and spiritual development, and do so in an environment which is incredibly loving and professional. The teachers are highly trained and exceptionally kind. I love that my child receives high quality education and gets to learn more about God and the Bible while doing so. I have no doubt that she will be fully prepared to enter Kindergarten next Fall because of her time at Promise.” -Kate Stringer

“My daughter attended Promise for 2 years! We absolutely loved it there! It has a small family feel and it was such a blessing to our family. The director is great and we loved the teachers. Most importantly my daughter loved it and had so much fun there. I loved to hear what she learned. I highly recommend it.”
-Elizabeth Baumgarten

“Promise Preschool is such a treasure to our community! It is such a warm, welcoming environment that is both fun and also academically focused. My daughter was always excited to go to school- from the minute we walked in, the director was there to greet each family and the teachers welcome each child at the classroom door. Not only did she have a great time and make several friends but she was also very prepared by the time kindergarten came around. I would recommend Promise to any family who is looking for a great preschool experience!” -Angela Hudgins

“Promise Christian Preschool was an amazing experience for all 3 of my children. Promise has the most caring and loving teachers and director. They make each child feel loved and special as soon as they walk in the door. Both of my older kids were very prepared for Kindergarten after doing both preschool and pre-K at Promise. My youngest only did preschool at Promise but she still talks about the fun she had in preschool. We love that the curriculum is bible-based so our kids could get a solid foundation of the truth at a young age. I think it has developed their character and it has given them a confidence in their faith and beliefs. If I had more kids, I would absolutely send them to Promise.”
-Andrea Kraft

“Our family loves Promise! The teachers are very warm and attentive to your individual child's needs and personality. The class sizes are purposely small so that your child gets the attention needed. They teach both social and academic skills in Preschool and Pre-K, which has worked really well for my daughter. She has no problem making new friends and jumping in with the crowd and is doing great academically. I feel like she is leaps and bounds ahead of where she needs to be for Kindergarten. The Christian teaching is wonderful also; my daughter has learned how to pray in front of others and comes home each week with a new bible story fresh in her mind.” -Amy Taylor
